

We can't build a fence on the border, but we can build one in your backyard!

MV Fencing

Wood Fencing & Decking

Although we haven't perfected landing on the moon, we are making a lot of progress in rebuilding San Leon. Mark Miller, one of the partners of MV Fencing, has branched out. He and his crew do piers, bulkheads, roofs and all types of fencing. I live here in San Leon and I plan on dying here. I'm planning on seeing some of you at the San Leon cemetery some day.

Sincerely,

(713) 398-0350
